

1. CUSTOMER SEGMENT(S)

C

There are a lot of people and countries by whom oil is being used

TT

6. CUSTOMER CONSTRAINTS

What constraints prevent your customers from taking action or limit their choices of solutions? i.e. spending power, budget, no cash, network connection, available devices.

Low internet connectivity , application server down and application debug

5. AVAILABLE SOLUTIONS

There were prediction systems before but not very accurate

Explore AI, differentiate

2. JOBS-TO-BE-DONE / PROBLEMS

We predict the price of crude oil there by making our customers aware of the market trend

an info B

9. PROBLEM ROOT CAUSE

RC

Crude oil price fluctuations have a great impact on global economy thus predicting crude oil price will help us taking minimal risks

7. BEHAVIOUR

BE

Open the application and gets to know the market trends
